

# Bioenergetics second level. Online course.

---

Bioenergetics is a complementary technique to the Biomagnetic Pair that allows the biomagnetist to perform accelerated scans, thanks to the use of our own neuronal connections.

It is very useful both to do the scans more quickly, and to explore other areas related to diseases, such as psychological, emotional, allergies and intoxication, among others.

Your instructor, Dr. H.C. Moisés Goiz will help you acquire all the knowledge required to create excellent foundations for your career as a Biomagnetism practitioner, in such a way that the only thing that remains at the end of the course is to go out and make immediate use of what you have learned.

MOISÉS  
GOIZ

Duration: Two weeks.

Modality: Online.

- You will have recorded lessons, available for you to play as many times as you want for three months.
- Live sessions. There will be 4 live sessions to resolve doubts according to each module. To participate in the class it is essential to have studied the recorded lessons corresponding to the module.
- As part of the course you will receive a digital manual that contains: second level tracking points, second level biomagnetic pairs.

## What you will learn:

- You will understand the concepts of quantum physics, neurological and biological aspects that support the bioenergetics technique.
- You will understand the importance of the principles that regulate bioenergetics to carry out a realistic scanning and adhere to the biomagnetism rules.
- You will learn new biomagnetic pairs to solve more complicated health problems and complementary to the first level ones.
- You will learn to review with bioenergetics other kinds of aspects such as psychological, emotional, sophrological, spiritual, deficiency, intoxication and poisoning aspects.
- At the end of the course, you will be able to carry out a first and second level session using the unconscious abilities of your own brain, replacing a scanning magnet.

## Who is this course for?

---

- Biomagnetism students who have coursed the First Level course.
- Biomagnetism therapists who previously received training and wish to reaffirm their knowledge.

## Requirements

---

- It is essential to have completed the First Level Biomagnetic Pair course with an instructor authorized by the Isaac Goiz School.
- Be able to do a first level scan. With magnet and checking the 149 tracking points of the first level.
- Access to a mobile device to play recorded lessons and access live sessions.
- Have the Zoom application installed/downloaded for live sessions.
